

Skapa referenser i databaser

Om du vill slippa skriva referenserna själv finns det många sätt att komma runt det. I många databaser finns det möjlighet att skapa referenser automatiskt till artiklar eller böcker. Nedan följer några exempel på hur man gör referenser automatiskt i några databaser.

WorldCat

Klicka på "Cite/Export" när du har sökt fram en bok.

The screenshot shows the WorldCat website interface. At the top left is the WorldCat logo. To its right is a search bar with a "Search" button and links for "Advanced Search" and "Find a Library". Below the search bar is a navigation bar with a link to "Return to Search Results" and several action icons: "Cite/Export" (highlighted with an arrow), "Print", "E-mail", "Share", and "Permalink". Below this is a secondary navigation bar with "Add to list", "Add tags", "Write a review", and "Rate this item" (with a star rating). The main content area displays the book "Research methods in education" by Louis Cohen, Lawrence Manion, and Keith Morrison, published by Routledge in 2008. The book cover is shown on the left. The right side of the page features a "More like this" section with "Subjects" (Education -- Research, Education -- Research -- Great Britain) and "Similar Items".
