Diversity Challenge 2013

Internship – Assistant project manager/project manager

Actions speak louder than words. At Alfa Laval, we are every single day contributing to a more sustainable future for our planet through engineering innovation. Our global team designs and implements the refining, recycling and purifying processes that allow our customers to be better themselves. You'll find our work in leading applications for water purification, clean energy, food production, waste processing, pharmaceutical development and much, much more.

The people of Alfa Laval enjoy the freedom to pursue ideas, and the resources to see those ideas become reality, in an environment that welcomes drive, courage and diversity. The result is a company where we all can be very proud of what we do.

Alfa Laval has about 16 000 employees in more than 50 countries and works closely with customers in nearly 100 countries to help them stay ahead in the global arena.

Internship: Placement

Alfa Laval has a number of interesting projects in our pipeline and now we need additional support!

We are looking for a future Project Manager. The internship is a full-time position for a period of six months. You will start as a Project Assistant where you will be assisting one or more of our Project Managers at the Project office. You will be working with a variety of tasks, including cost follow-ups, participating in meetings, development of the project processes, participating in and driving different types of projects /subprojects. The job is a perfect opportunity for someone who dreams of becoming a Project Manager in the future. By being a "life jacket" to our experienced Project Managers, you will be where the action is and learn a lot along the way. You set the limits.

We see the right candidate as being driven and positive combined with an engineering degree or equivalent academic background and a desire to work in a Project environment.

You will be located in Tumba, south of Stockholm, and report to the Product Office Manager. The position is full time with a start date preferably in April/May in 2013.

This is a paid internship.

Experience/knowledge

- Wide technical knowledge and interest
- Fluent in English and preferably basic Swedish
- Good knowledge of IT systems

As the internship is a part of the diversity program within Diversity Challenge, we welcome applicants with a multicultural background or experiences.

Application:

Apply as soon as possible, but no later than November 30th, on www.diversitychallenge.se. For questions you are welcome to contact Erika Wideqvist (+46 8 555 15 731) at Academic Search who is responsible for the recruitment.

For more information about Alfa Laval, visit www.alfalaval.se.

Academic Search established Diversity Challenge in the fall of 2005 and will celebrate its eight year with the upcoming program starting this fall! The most important purpose of this program is to increase the level of diversity within the business environment and to offer talented graduates a valuable working experience at some of the most inspiring and interesting companies in Sweden.
