**LARS BENGTTSSON****Name:** Lars Bengtsson**E-mail:** lars.bengtsson@hig.se**Phone:** +46-70-631 23 91**Gender:** male**Date of Birth:** 4 February, 1958**Address:** University of Gävle (HiG)  
S-80176 Gävle, Sweden**Home page:** [www.hig.se/lbn](http://www.hig.se/lbn)**Education and positions**

---

- Professor in Innovation, University of Gävle, 2004-cont.
- Docent/Associate professor at Royal Institute of Technology (KTH), 2001-cont.
- Senior lecturer and lecturer at University of Gävle, 1991-2004
- Senior researcher at Dep. of Work Science, KTH, 1991-1995
- PhD in Work Science, KTH, 1993
- Researcher at Dep. of Work Science, KTH, 1982-1990
- MSc in Engineering Physics at KTH, 1982

**Research projects**

---

My current research focuses on innovation management, open innovation, manufacturing strategies and supply chain management, outsourcing and knowledge integration in industrial companies. List of research projects and programs.

As project manager:

- CLIP 3.0 – Centre of logistics and innovative production. Financed by European regional development fund and regional partners. 19 MSEK, 2015-2018.
- Innovative suppliers. Lundberg's research foundation. Project leader Camilla Niss. 2.93 MSEK, 2018-2020
- Innovative competitors in emerging economies. Vinnova 5.9 MSEK, together with Linköping University, 2014-2017
- Open innovation and knowledge integration. Riksbankens Jubileumsfond, 2.8 MSEK, together with Linköping University, 2013-2017.
- Emerging innovators. Vinnova. 1 MSEK, together with Linköping University, 2014.
- Design of global supply chains. Vinnova, 8.3 MSEK, 2009-2014
- CLIP – Centre of logistics and innovative production. Financed by European regional development fund and regional partners. 25 MSEK, 2009-2014.
- Knowledge integration and innovation in internationalised firms , Riksbankens Jubileumsfond, together with Linköping University, 2007-2015, 26 MSEK.
- International survey studies:
  - Continuous Innovation Survey, CINet, 2017-18
  - International Purchasing Survey, IPS, 2009-2012
  - European Manufacturing Survey, 20012-13
  - Open innovation survey 1.0 and 2.0, 2012-13 and 2017-2018
  - Continuous improvement survey, 2002-2003
- Innovation Management and techniques. Sparbanksstiftelsen i Söderhamn, 4.5 M SEK, 2004-2012.
- System suppliers: Logistic challenges and platforms, Knowledge Foundation, 1.6 MSEK, 2005-2010
- Challenges when outsourcing manufacturing. Vinnova, 4.4 M SEK, 2003-2006.
- Outsourcing manufacturing and the effects on innovation and competitiveness. Lundbergs research foundation, 1.23 M SEK, 2001-2006.
- TQM and Work Development. Financed by KKS, 2.0 MSEK, 2002-2004.

- Team-based control. Financed by Swedish Business Development Agency and Vinnova, 3.6 MSEK, 1998-2003.
- Production teams in process oriented organisations. Financed by The Swedish Council for Work Life Research (Ralf) and later Vinnova , 2.3 MSEK, 1998-2002.
- Workshop oriented information systems Financed by Swedish Business Development Agency (Nutek). 1995-1997.
- Quality in work – a pilot study. Financed by The Swedish Council for Work Life Research (Ralf). 1993-1994.
- Computer support for decentralised production organisations. Financed by The Swedish Council for Work Life Research (Ralf). 1991-1994.
- Non-standardised industrial work. A research project at KTH. Financed by The Swedish Council for Work Life Research (Ralf). 1991-1994.
- NC machine work and computer integrated manufacturing. A research project at KTH. Financed by The Swedish Council for Work Life Research (Ralf). 1991-1993.
- The future NC machine work. A research project at KTH. Financed by The Swedish Council for Work Life Research (Ralf). 1989-1991.
- Maintenance work – rationalisations and working conditions. A research project at KTH. Financed by The Swedish Council for Work Life Research (Ralf). 1987-1988.

As co-worker:

- IT-Q. Certification of software supporting good work. A project at KTH, Uppsala University and University of Gävle. Financed by Swedish Business Development Agency. 2000-2005.
- Core: Company perspective on the interplay between man, technology and organisation. Research project at Castor AB. Financed by Swedish Business Development Agency. 1996-1997.
- The comparative international ABB Project. Research project at KTH in cooperation with ISF München, Université Laval Quebec, University of Jena, Linköping University, University of Gävle, etc. The Swedish Council for Work Life Research (Ralf). 1991-1997.
- The Industrial Work Place. Research and Development program at KTH. Financed by The Swedish Council for Work Life Research (Ralf). 1986-1991.
- Reflective work in food industry. Research project at KTH. Financed by The Swedish Council for Work Life Research (Ralf). 1987-1989.
- Packaging work in food industry. Research project at KTH. Financed by The Swedish Council for Work Life Research (Ralf). 1983-1986.
- Working with cold products. Research project at KTH. Financed by The Swedish Council for Work Life Research (Ralf). 1983-1986.

### **Supervision and scientific commissions**

---

- Main and co-supervisor for:
  - Karl-Olov Nylén. PhD student at KTH. Research on Quality costs in major construction buildings, 1994-1999. Doctoral thesis in 1999.
  - Martin Ljungström, PhD student at Luleå University. Research on implementation of work oriented TQM. 2002-2004. Doctoral thesis in 2004.
  - Mandar Dabhilkar. PhD student at KTH. Research on team-based organisations and management control. 2000-2006. Doctoral thesis in 2006.
  - Camilla Niss. PhD student at KTH. Research on competence and team-based work. 1999-2009. Licentiate thesis in 2002. Doctoral thesis in 2009.
  - John Lindgren. PhD student at KTH. Research on Supply Chain Management. 2000-2003. Licentiate thesis in 2003.
  - Susanne Stjernström, PhD student at Linköping University, 2002- 2006. Licentiate thesis in 2006.
  - Robin von Haartman, PhD student at KTH. 2005-2012. Doctoral thesis 2012.
  - Jahn Öberg, PhD student at Umeå University. Research on business network. 2005-2014.

- Lars Löfqvist, PhD student at KTH. Research on innovation methodology. Licentiate thesis in 2009. Doctoral thesis 2014.
- Inga-Lill Carlsson, PhD student at Linköping University. Research on logistics management. 2005-2017. Licentiate thesis in 2009. Doctoral thesis in 2017.
- Bengt Halling, PhD student at KTH. Research on implementation of Lean. 2010-ongoing. Licentiate thesis in 2013
- Jonas Renström, PhD student at KTH. Research on implementation of Lean. 2010-ongoing. Licentiate thesis in 2014
- Stefan Eriksson, PhD student at KTH. Research on manufacturing logistics and material replenishments methods. 2010-ongoing. Licentiate thesis in 2013
- Abid Muhammad, PhD student at KTH. Research on Global SCM. 2011- ongoing. Licentiate thesis in 2015.
- Lennart Söderberg, PhD student at KTH. Research on outsourcing and partnership. 2014-ongoing.
- Ioana Stefan, PhD student at KTH. Research on Open innovation. 2014-ongoing. Licentiate thesis in 2017.
- Monica Kaltenbrunner, PhD student at University of Gävle, 2015- ongoing
- Amer Jazayrli, PhD student at KTH, Research on Sustainable logistics, 2016-ongoing. Licentiate thesis in 2018.
- Lea Fobbe, PhD student at KTH, in organisational sustainability, 2017-ongoing
- Jamila Alieva, PhD student at HiG in Lean and digitalisation, 2017- ongoing
- Advisory board member at the VINNOVA program: Utmaningsdriven innovation
- Eight times expert reviewer of research applications to different VINNOVA research programs.
- Regularly reviewer to International Journal of Operations and Production Management, IJOPM, Industrial and Corporate Change, ICC, Creativity and Innovation Management, CIM, Journal of Purchasing and Supply Management, JPSM
- Member of the Editorial Advisory Board of European Journal of Innovation Management
- Faculty opponent 15 times and committee member 6 times at dissertations at Aarhus University, Syddansk University (SDU), KTH in Stockholm, Chalmers in Gothenburg, Linköping University, Luleå Technical University, Mälardalen University.
- Expert reviewer for University of Borås' application for issuing doctoral degree within the area of Trade and IT. Assignment of Swedish National Agency for Higher Education, 2012.
- Expert reviewer for professorial positions (Syddansk University twice; Halmstad University, Mälardalen, twice), expert reviewer for associate professor (KTH, Mälardalen, Luleå University, HiG), expert reviewer for assistant professor (Umeå University, Chalmers, Linköping University, twice)

### **Leadership experience**

---

- Project manager for more than 20 research projects at HiG, KTH and LiU (listed above)
- Head of research centre CLIP – Centre for Logistics and Innovative Production, University of Gävle, 2009-ongoing
- Head of Dep. of Industrial Engineering and Management, University of Gävle, 2002-2009.
- Member of the Faculty Board, University of Gävle, 2011-2013
- Member of the Board, at the Regional Incubator Movexum, 2011-2014
- Member of the Board, University of Gävle, 1998-2000
- Member of the Board, Department of Work Science, KTH, 1987-1991
- Research leader in Industrial Engineering and Management at University of Gävle since 1997
- Responsible for the subject area Industrial engineering and management at University of Gävle since 1997

### International research collaboration

---

- Continuous Innovation Survey 2017-18, coordinated by the network CINet (continuous innovation network) including research teams from 8 countries in Europe.
- The comparative international ABB Project. Research project at KTH in cooperation with research teams from ISF München, Université Laval Quebec, University of Jena, Linköping University and University of Gävle.
- Open innovation survey 1.0 and 2.0, 2012-13 and 2017-2018, design of study in collaboration with University of Pisa, LIUC Università Cattaneo, KTH and Linköping University, Lappeenranta University.
- International Purchasing Survey, IPS, 2009-12, coordinated by Politecnico di Milano and Erasmus School in Rotterdam, including research teams from 10 countries in Europe and USA.
- European Manufacturing Survey, 2012-13, coordinated by Fraunhofer Institute in Karlsruhe, including research teams from more than 15 countries in Europe
- Continuous improvements survey 2002-3, coordinated by the network CINet (continuous innovation network) including research teams from 11 countries in Europe and Australia

### Teaching

---

- Responsible for master programmes in Logistics and Innovation management and the subject area Industrial engineering and management at University of Gävle, 1997-2015
- Teaching courses on doctoral, advanced and basic levels within the subject area of Industrial engineering and management, e.g. on Innovation management, manufacturing strategies and work organization since 1997
- Examined thesis works at master level and bachelor level since 1994
- Examined doctoral thesis at KTH since 2009 (personal examination right issued by KTH rector)

### Publications (list of publication appended)

---

- International books and chapters published in/by Oxford University Press and Cornell University Press.
- International journal articles in International Journal of Technology Management, Production Planning and Control, Journal of Evolutionary Economics, Creativity and Innovation Management, Journal of Purchasing and Supply Management, International Journal of Manufacturing Technology and Management, European Management Journal, New Technology, Work and Employment, Behaviour & Information Technology, Human Factors and Ergonomics in Manufacturing.
- Swedish books and chapters published by Liber, Studentlitteratur and Carlsson Förlag.
- Conference papers presented at e.g. Euroma, Poms, Ipsera, CINet, QMOD
