Degrees

Professor, University of Gävle, 2004-

Associate Professor, Royal Institute of Technology (KTH), Industrial Economics and Management, 2001.

Doctor of Philosophy (Engineering), Royal Institute of Technology (KTH), Dep. of Work Science, 1993.

Licentiate of Engineering, Royal Institute of Technology (KTH), Dep. of Work Science, 1989.

Master of Science in Engineering, Engineering Physics, Royal Institute of Technology (KTH), 1982.

Upper secondary school, Natural science, Bessemergymnasiet, Sandviken, 1977.

Employments

Professor at University of Gävle, 2004-

Associate Professor, Royal Institute of Technology (KTH), 2001-

Senior lecturer at University of Gävle, 1995-2004

Lecturer at the University of Gävle, 1991-1994, part time

Senior researcher at Dep. of Work Science KTH, 1991-1995, part time

Researcher at Dep. of Work Science KTH, 1987-1991

Research assistant at Dep. of Work Science KTH, 1982-1987

Assistent teacher in Mathematics, KTH, 1981-1983

Youth leader, Stockholm, 1982

Teacher in gymnastics, Storvik, Sandviken, 1977-1978

Commissions

Manager of Industrial Engineering and Management, University of Gävle, 2000-

Member of the School Board, University of Gävle, 1998-2000.

Member of the Board, Department of Technology, University of Gävle, 1996-1999.

Member of the Board, Tjänsteforum, Söderhamn, 1998-2000

Member of the Board, Department of Work Science, KTH, 1987-1991.

Supervisor

Karl-Olov Nylén. PhD student at KTH. Supervisor Prof. Brian Atkin, Hans Rahm and Lars Bengtsson.

Research on Quality costs in major construction buildings, 1994-1999. Doctoral thesis in 1999.

Martin Ljungström, PhD student at Luleå University. Supervisor Bengt Klefsjö and Lars Bengtsson.

Research on Change processes concerning implementation of work oriented TQM. 2002-2004.

Doctoral thesis in 2004.

Mandar Dabhilakar. PhD student at KTH. Supervisor prof. Jan Forslin and Lars Bengtsson. Research on

team-based organisations and management control. 2000-2006. Doctoral thesis in 2006.

Camilla Niss. PhD student at KTH. Supervisor Lars Bengtsson and Matti Kaulio. Research on competence

and team-based work. 1999-2009. Licentiate thesis in 2002. Doctoral thesis 2009.

John Lindgren. PhD student at KTH. Supervisor Birger Ljung and Lars Bengtsson. Research on Supply

Chain Management. 2000-2003. Licentiate thesis in 2003.

Stefan Westin, PhD student at Linköping University. Supervisor Christian Berggren and Lars Bengtsson

Research on outsourcing manufacturing. 2002- ongoing.

Susanne Stjernström, PhD student at Linköping University, Research on supplier development. Supervisor Staffan Brege, Anna Öhrvall and Lars Bengtsson. 2002- 2006. Licentiate thesis in 2006.

Robin von Haartman, PhD student at KTH. Supervisor Lars Bengtsson and Matti Kaulio Research on manufacturing strategies and outsourcing. 2005- ongoing. Licentiate thesis in 2007.

Jahn Öberg, PhD student at Umeå University. Supervisor Per Nilsson Umeå and Lars Bengtsson. Research on business network. 2005-ongoing.

Inga-Lill Carlsson, PhD student at Linköpings University. Supervisor Mats Abrahamsson, Håkan Aronsson and Lars Bengtsson. Research on logistics management. 2005-ongoing. Licentiate thesis in 2009.

Lars Löfqvist, PhD student at KTH. Supervisor Lars Bengtsson and Jenny Janhager. Research on innovation methodology. 2006-ongoing. Licentiate thesis in 2009.

Erik Salo, PhD student at KTH. Supervisor Lars Bengtsson. Research on outsourcing and innovation. 2007-2008.

Bengt Halling, PhD student at KTH. Supervisor Lars Bengtsson and Katarina Wijk. Research on implementation or Lean. 2010-ongoing.

Jonas Renström, PhD student at KTH. Supervisor Lars Bengtsson and Camilla Niss. Research on implementation or Lean. 2010-ongoing.

Stefan Eriksson, PhD student at KTH. Supervisor Peter Gröndahl KTH and Lars Bengtsson. Research on manufacturing logistics and material replenishments methods. 2010-ongoing.

Faculty opponent and committee member at dissertations

Klara Palmberg, opponent at the dissertation, Luleå Technical University, 2009-08-21

Daniel Nordigården, opponent at dissertation, Linköping University, 2007-12-14

Sofi Elfving, opponent at dissertation, Mälardalen University, 2007-06-19

Peter Nordell, opponent at dissertation, Chalmers Gothenburg, 2007-02-02

Daniel Olausson, opponent at the licentiate seminar, Linköping University, 2007-01-18

Jelena Zdravkovic, committee member at the dissertation, KTH, Kista, 2006-06-14

Bozena Poksinska, committee member at the dissertation, Linköping University 2006-03-02

Magnus Svensson, committee member at the dissertation, Luleå Technical University, 2004-10-04

Henrik Eriksson, opponent at the dissertation, Luleå Technical University, 2004-02-27

Bozena Poksinska, opponent at the licentiate seminar, Linköping University 2003-08-21

Sten Ekman, opponent at the dissertation, KTH 1998-12-14.

International reviewer assignments

Reviewer of International Journal of Operations and Production Management, IJOPM

Reviewer of Industrial and Corporate Change, ICC

Reviewer of Creativity and Innovation Management Journal, CIM

Reviewer of Journal of Purchasing and Supply Management, JPSM

Member of the organizing committee for the 2nd advanced workshop on Knowledge integration and innovation in Linköping, 24-25 May, 2010, arranged by the KITE Research Program at Linköping University.

Teaching

Responsible for the subject area Industrial engineering and management at University of Gävle. Developed and responsible for master program in Logistics and Innovation Management. Teaching on A, B, C and D level courses in Industrial organisation and Innovation management since 1997, Scientific methodology since 2001 and exam works at undergraduate and master level since 1994.

Externally financed research projects during 1999-2010

CLIP – Centre of logistics and innovative production. A research and development centre at the University of Gävle. Financed by European regional development fund and a number of regional partners. 2009-2011.

- Design of global supply chains in Swedish engineering firms. A research project at University of Gävle (HiG) in co-operation with Prof. Johnny Lind at Stockholm School of Economics (HHS/EFI) and Dr. Mandar Dabhilkar at KTH. Financed by Vinnova 2010-2012.
- KITE. Knowledge integration in transnational enterprises. A research program at Linköping University (LiU) in co-operation with University of Gävle (HiG). Financed by Riksbankens Jubileumsfond, 2007-2014.
- Global production and knowledge integration. A research project at University of Gävle (HiG) in co-operation with Prof. Christian Berggren at Linköping University (LiTH) and Prof. Johnny Lind at Stockholm School of Economics (HHS/EFI). Financed by Vinnova, 2007.
- Challenges when outsourcing manufacturing and the long-term consequences on innovation and renewal of industrial companies. A research project at University of Gävle (HiG) in co-operation with Linköping University (LiTH) and Stockholm School of Economics (HHS/EFI). Project colleagues: Prof. Christian Berggren at LiTH, Prof. Johnny Lind at HHS. Financed by Vinnova, 2001-2006.
- Outsourcing manufacturing. A research project at University of Gävle (HiG) in co-operation with Linköping University. Financed by Lundbergs Research Foundation, 2001-2004.
- TQM and Work Development. A research project at University of Gävle (HiG) in co-operation with Luleå University of Technology. Doctoral student Martin Ljungström. Financed by KKS, 2002-2004.
- Team-based control. A research project at University of Gävle (HiG) in cooperation with Stockholm School of Economics (HHS/EFI). Project colleagues: Camilla Niss at University of Gävle. Prof. Lars A Samuelson, Prof. Mats Lundeberg, Dr. Johnny Lind, PhD students Martin Andersson, Göran Nilsson and Lars Frimansson at Stockholm School of Economics. 1998-2001. Financed by Swedish Business Development Agency and Vinnova, 1998-2003.
- Production teams in process oriented organisations. A research project at University of Gävle (HiG).. Project colleague: Mandar Dabhilkar HiG. Financed by The Swedish Council for Work Life Research (Ralf) and later Vinnova , 1998-2002.
