

The Centre Management Board (CMB) is consulted at four annual meetings on issues related to:

- The over-all Centre management, including contractual, financial, and personnel matters to an extent compatible with the central organisation of the University.
- Planning and follow-up of R&D activities, including time lines, production and quality.
- Formation and closure of R&D programs, and appointment of principal investigators.
- Identification of issues on which the Centre Management Committee shall be consulted.

The members of the board are appointed by the vice-chancellor of the University of Gävle and they have a three year term of office. The present board was appointed in December, 2013 and consists of:
