**University of Gävle**  
**Faculty of Engineering and Sustainable Development**

**Master's Thesis, Advanced Level, 30 credits**

**Application**

In addition to this application, a description of the project is attached. This description is normally outlined by the scientific supervisor and is normally approximately one A4 page long. Moreover, the student has to request a copy of his/her academic records, and attach to this application. Such a copy is normally given by the department office.

<b>The student</b>	
Name	Major subject
Address	
Phone, cell. phone, e-mail	civic registration number (personnummer)
<b>Master's Project, Supervision, and Location</b>	
The Master's thesis work has an estimated extension of 20 weeks full-time work. In this estimated time, analysis, information retrieval, project-specific studies, realization, scientific and other documentation are included all in reasonable proportions.	
Project Title	
Proposed presentation date	Security measures wanted (yes/no). Application on special form.
<b>Scientific Supervision</b>	
I agree to enrol as a scientific supervisor for this Master's thesis during the time until the proposed presentation date. During this time I try to create good conditions for the fulfilment of the thesis and otherwise facilitate for the student to achieve the goals of the syllabus.	
Place and date	Signature
academic position and degree	Name in print
Phone, cell. phone, e-mail	
<b>Additional Supervision</b>	
Company	Phone, cell. phone, e-mail
Address	Place and date
	Signature
Position	Name in Print

<b>The Student's acceptance</b>	
I have decided to accept the thesis subject if approved and perform accordingly.	
Place and date	Signature
<b>Statement of the subject responsible</b>	
As responsible for the subject to which this thesis can be referred, I hereby state that the suggested thesis proposal is fulfilling the demands reasonable to put a Master's thesis in ..... (subject) I also find the extension of the work being in good agreement with the actual number of ECTS credit units assigned. Course code..... I suggest..... to be appointed as examiner for this Master's thesis.	
Place and date	Signature
<b>Examiner</b>	
The responsibility of the examiner is to scrutinize the report, and to give written suggestions of possible improvements. The student is also expected to give an oral presentation of the thesis in a seminar, and at this occasion the examiner is acting as chairman and head opponent.	
<b>I agree to examine the Master's thesis described in this application.</b>	
Place and date	Signature
Academic position and degree	Name in print

*This document should be handed over to Faculty office for registration in LADOK*

<b>Plagiarism Check</b>	
Place and date	Examiner's Signature
Comments	

<b>Examiner's Decision</b>	
The thesis has been graded with respect to <i>content</i> , <i>process</i> , and <i>presentation</i> . All three criteria have individually at least been graded <i>pass</i> . The thesis has passed the check for plagiarism (above).	
Place and date	Proposed Grade (A-E)
Academic position and degree	Signature
	Name in print
